**Issue Date:**

1st January 2019

**Authority:**

Director, Connect2Education Ltd

**Executive Summary**

Connect2Education Ltd is committed to maintaining the highest environmental standards in all that we do. Environmental considerations are taken into account across all our activities. Whilst ultimate responsibility rests with Directors, all members of the team have a part to play in minimising our impact on the environment. To this end we promote best environmental practice and management.

### Environmental Policy

Connect2Education Ltd has implemented an Environmental Policy and will monitor and audit our business to ensure good practice.

More particularly Connect2Education Ltd shall:

- encourage staff and client involvement in considering environmental issues
- promote energy conservation
- minimise waste and promote recycling
- provide for the responsible disposal of non-recyclable materials
- promote environmentally responsible policies in all its commercial activities, including purchasing and investment
- through initial assessment and continuing evaluation, consider the appropriateness of and need for any activity which could have an impact on the environment
- implement an environmentally sound transport strategy

- take into consideration the likely environmental effect of any activities and developments on the local community
- expect similar environmental standards from all parties with whom we work alongside
